Delivered 98%+ client satisfaction while cutting production time 30%

A lead graphic designer who turns technical content (Word docs, PDFs, PowerPoint wireframes) into polished, interactive, on-brand design.*

20+

years in branding, layout and digital design

98%+

client satisfaction rate

30%

less production time from optimized InDesign scripts

10

designers led across 60+ long-form layouts

2004

working remotely since, across two employers

Recognized as the internal InDesign subject-matter expert

Go-to for advanced training and troubleshooting; invited to apply for a lead-level promotion on that basis

**Now adding Figma and Claude Code to a deep Adobe toolkit.*

22 years across two roles, moving from print production to interactive design

2004

2019

2026

Envision Technology Marketing Group

StartGuides, LLC

Senior Production Graphic Artist

Jan 2004 – Jul 2019 · Remote

- Kept brand standards on 200+ projects a year for Cisco, Adobe, Intel, Oracle, McAfee and NVIDIA
- Supervised 5 production artists and ran quality-control reviews
- Produced print-ready layouts, interactive PDFs, HTML emails and Word templates

Senior Interactive Graphic Designer

Jul 2019 – Sep 2026 · Remote

- Designed interactive training apps for U.S. Military programs
- Led a team of 10 app designers
- Cut production time 30% with InDesign scripts

StartGuides, turned military training material into interactive apps

INPUT

Word docs, PowerPoints,
and wireframes

BUILD

Production-ready InDesign files
on brand

OUTPUT

Interactive mobile apps and
eLearning EPUBs

Led the team

- Ran monthly coordination for 10 app designers
- Kept 60+ long-form layouts to one quality standard
- Reviewed resumes, interviewed and onboarded 3 successful hires

Sped up production

- Cut production time 30% by optimizing automated InDesign scripts
- Delivered on time and under budget against strict government contract deadlines

Owned quality

- Wrote and maintained the brand guidelines for UI consistency
- Ran final QC for accuracy, accessibility and functionality
- Handled Controlled Unclassified Information (CUI) in compliance

At Envision, kept Fortune 500 brands consistent across 200+ projects a year

200+

projects a year, 15 years running, for clients including:

Cisco

Adobe

Intel

Oracle

McAfee

NVIDIA

What I produced and managed

- Complex InDesign layouts built on paragraph, character and object styles and parent pages
- Interactive PDFs and fillable forms with calculations, navigation and accessibility features
- Print-ready files with bleeds, CMYK and Pantone spot color, and full prepress specs
- HTML email newsletters and Outlook templates in Dreamweaver
- Word templates for technical documentation with custom styles and automated tables of contents
- A team of 5 production artists, including quality-control reviews against client brand standards

Ready to put 20+ years of craft to work while growing into new tools

Design

- Branding
- User interface design
- Template design and upkeep
- Paragraph, character and object styles

Production

- Prepress and print production
- Quality control
- File management and version control
- Workflow optimization

Leadership

- Team leadership
- Training and mentoring
- Project management
- Process documentation

Tools

- Adobe Creative Cloud (InDesign expert)
- Microsoft 365, Teams, SharePoint
- GitHub
- Claude and Claude Code; learning Figma

EDUCATION

Associate of Arts, Visual Communications

The Art Institute of Dallas

Open to remote, hybrid or in-office roles
